EFFECTIVE DATE

June 1998

Revised December 2005, March 2011 and June 2014

4. DEFINITIONS

4.1 Legislation

[1] Child Protection Legislation – Ontario Child and Family Services Act (CFSA)

[2] Human Rights Legislation – the Canadian Human Rights Act or the Ontario Human Rights Code

4.2 Child

In the Province of Ontario Child means a person between the age of 0 and 18 years.

4.3 Adult

Adult means a person who has reached the age of maturity. In the Province of Ontario this age is 18 years.

4.4 Bullying

Bullying describes behaviours that are similar to harassment, but occur between children that are not addressed under human rights laws. Bullying can be broken down into six categories:

4.4.1 Physical Bullying:

Hitting, shaking, shoving, kicking, spitting on, grabbing, beating others up, damaging or stealing another person's property; used most often by boys.

4.4.2 Verbal Bullying:

Name calling, hurtful teasing, humiliating or threatening someone, degrading behaviors; may happen over the phone, through text messaging or chat rooms, through social media sites, in notes or in person.

4.4.3 Relational Bullying:

Trying to cut off victims from social connection by convincing peers to exclude or reject a certain person, spreading rumours or giving the "silent treatment; used most often by girls. This may happen in person, over the phone, through the computer.

4.4.4 Discriminatory Bullying:

Discriminatory bullying targets people because of their sexual orientation, ethnicity, gender identity, skin colour, religion, weight, appearance, disability, nationality or other things that are perceived to make them "different".

4.4.5 Reactive Bullying:

Engaging in bullying as well as provoking bullies to attack by taunting them.

4.4.6 Cyber Bullying:

Involves the use of information and communication technologies such as email, cell phones and text messaging, camera phones, instant messaging, social networking sites such as Facebook, Twitter, Instagram, Tumblr, Flickr, Myspace etc., defamatory personal websites (such as Network 54), or other forms of electronic information transfer to support deliberate, repeated and hostile behaviour by an individual or group that is intended to harm others, threaten, harass, embarrass, socially exclude or damage reputations and friendships.

Bullying is not...

- Conflict between friends
- An argument between people of equal power
- Accidental
- Normal relational development challenges
- A "one-time" event (usually)
- Friendly teasing that all parties are enjoying
- Something people grow out of

Bullying is...

- Hurting behaviours based on oppression and "meanness"
- Based on power differentials
- Intentionally harmful
- Intense and long in duration
- Repeated over time (generally)

- Oppressive – isolates victims
- Caused by many factors and behavioural challenges

4.5 Harassment

Harassment is defined as conduct, gestures or comments which are insulting, intimidating, humiliating, hurtful, malicious, degrading or otherwise offensive to an individual or group of individuals which create a hostile or intimidating environment for work or sports activities, or which negatively affect performance or work conditions. Any of the different forms of harassment must be based on a prohibited ground of discrimination in the Ontario Human Rights Legislation, including race, ethnicity, colour, religion, age, sex, marital status, family status, disability, pardoned conviction and sexual orientation.

Types of behaviour which constitute harassment include, but are not limited to:

- Unwelcomed jokes, innuendo or teasing about a person's looks, body, attire, age, race, religion, nationality, sex or sexual orientation.
- Condescending, patronizing, threatening or punishing actions, based on a ground of discrimination, which undermine self-esteem or diminish performance.
- Practical jokes based on a ground of discrimination, which cause awkwardness or embarrassment, endanger a person's safety or negatively affects performance.
- Unwanted or unnecessary physical contact including touching, patting or pinching (in the case of minors, this is defined as abuse under the Child and Family Services Act).
- Unwelcome flirtation, sexual advances, requests or invitations (if minor involved, covered under Child Protection Legislation).
- Behaviours such as those described above which are not directed towards individuals or groups but which have the effect of creating a negative or hostile environment.

What is criminal harassment?

Criminal harassment—often known as stalking—involves following another person; monitoring them or someone close to them, or their home; contacting them repeatedly against their wishes or threatening them. For a charge of criminal harassment to be laid, the victim must have reason to fear for his/her safety (or the safety of someone else) and the perpetrator must know - or could reasonably be expected to know—that the victim is fearful (Family Violence in Canada, A Statistical Profile, 2001). Criminal charges may also be laid in harassment cases if a person has been physically or sexually assaulted.

4.6 Abuse

Child abuse is any form of physical, emotional and/or sexual mistreatment or lack of care, which causes physical injury or emotional damage to a child. A common characteristic of all forms of abuse against children and youth is an abuse of power or authority and/or breach of trust.

4.6.1 Emotional Abuse

Emotional abuse is a chronic attack on a child's self-esteem; it is psychologically destructive behaviour by a person in a position of power, authority or trust. It can take the form of name-calling, threatening, ridiculing, berating, intimidating, isolating, hazing or ignoring the child's needs but it is not simply benching a player for disciplinary reasons, cutting a player from a team after tryouts, refusing to transfer a player, limiting ice time and yelling instructions from the bench.

4.6.2 Physical Abuse

Physical abuse is when a person in a position of power or trust purposefully injures or threatens to injure a child. This may take the form of slapping, hitting, shaking, kicking, pulling hair or ears, throwing, shoving, grabbing, hazing or excessive exercise as a form of punishment.

4.6.3 Neglect

A general definition of neglect is the chronic inattention to the basic necessities of life such as clothing, shelter, nutritious diets, education, good hygiene, supervision, medical and dental care, adequate rest, safe environment, moral guidance and discipline, exercise and fresh air.

Some examples of neglect occurring in a sport environment are:

- Inadequate Shelter/Unsafe Environments: Failure to maintain equipment or facility; forcing athletes to participate without proper protective equipment.
- Inadequate Clothing: Preventing athletes from dressing adequately for weather conditions or making them stay in wet clothes as punishment following a game.
- Inadequate Supervision: Leaving young athletes unsupervised in a facility or on a team trip (STHC Two Deep Policy).
- Lack of Medical/Dental Care: Ignoring or minimizing injuries; ignoring medical advice; not seeking medical or dental attention when warranted.
- Inadequate Education: Encouraging athletes to not do homework, to not attend school, or to drop out.
- Inadequate Rest: Overdoing or increasing workouts as punishment; prohibiting adequate sleeping or resting time.
- Inadequate Moral Guidance & Discipline: Not providing adequate supervision during team functions; hiring strippers or prostitutes; offering pornography to young athletes.

4.6.4 Sexual Abuse

Sexual abuse is when a child is used by a child with more power or an adult for his or her own sexual stimulation or gratification. There are two categories of sexual abuse: contact and non-contact.

4.6.4.1 Contact

- Touch and fondled in sexual areas
- Forced to touch another person's sexual areas
- Kissed or held in a sexual manner
- Forced to perform oral sex
- Vaginal or anal intercourse
- Vaginal or anal penetration with object or finger
- Sexually oriented hazing

4.6.4.2 Non-Contact

- Obscene calls/remarks on a computer, cell phone or in notes
- Voyeurism
- Shown pornography
- Forced to watch sexual acts
- Sexually intrusive questions or comments
- Indecent exposure
- Forced to pose for sexual photographs or videos
- Forced to self-masturbate
- Forced to watch others masturbate

Duty to Report

Abuse and neglect are community problems requiring urgent attention. The Streetsville Tigers Hockey Club (STHC) is committed to help reduce and prevent the abuse and neglect of participants. The STHC realizes that persons working closely with children and youth have a special awareness of abusive situations. Therefore these people have a particular reporting responsibility to ensure the safety of Canada's young, by knowing their provincial protection legislation and following through as required.

The Province of Ontario has mandatory reporting laws regarding the abuse and neglect of children and youth, which are contained in Section 72 of the Child and Family Services Act (CFSA). Consequently, it is the policy of the STHC that any STHC personnel (part-time and full-time staff, volunteer, participant, team official, on ice official) or STHC partner (parent, guardian) who, has reasonable grounds to suspect that a participant is or may be suffering or may have suffered from emotional, physical abuse and neglect and/or sexual abuse shall immediately report the suspicion and the information on which it is based to the local child protection agency and/or the local police detachment. In Ontario a person is considered a child up to the age of eighteen.

Those involved with the STHC in providing hockey opportunities for participants understand and agree that abuse or neglect, as defined above, may be the subject of a criminal investigation and/or disciplinary procedures. Failure to report an offence and

thereby, failure to provide safety for participants may render the adult who keeps silent legally liable for conviction under the CFSA.

4.7 Hazing

Hazing is an initiation practice that may humiliate, demean, degrade or disgrace a person regardless of location or consent of the participant(s).

4.8 Misconduct

Misconduct refers to the behaviour or a pattern of behaviour that is found, by a formal (for example an independent investigation) or informal process (i.e. for example an internal fact finding), to be contrary to the STHC Code of Conduct and that is not harassment, abuse or bullying.

4.9 Complaint

Any allegation, verbal or written, that involves bullying, harassment, abuse or misconduct within the jurisdiction of the STHC.

4.10 STHC Personnel

STHC personnel include STHC office employees, council and committee chairs and members, Directors and Officers and any other personnel that may be identified by the STHC President.

4.11 Billet

Any community volunteer who applies or is requested by an STHC Member Partner club, association team or league, to host a traveling player or players on his or her premises during periods when the player(s) will otherwise be unsupervised and outside of the care of parent(s), guardian(s), coach or other designated adult.

RECEIVING A COMPLAINT

Complaints can be received by the Club in two ways.

WRITTEN DISCLOSURE

Disclosure of this type is usually in the form of a letter and in many cases by either a parent, team official, player or lawyer. It is important that the letter contain enough detail to provide the Club with a clear understanding of the event or circumstances surrounding the abuse and/or Bullying and harassment which in turn will facilitate a decision as to the severity of the incident (major or minor) with the appropriate action. A report titled "Harassment and Abuse Disclosure Report" should be filled out and the correspondence attached to the form creating a file.

The file is handed to the Harassment and Abuse Coordinator for documentation into the system. (In the absence of the Coordinator the file is forwarded to the President)

VERBAL DISCLOSURE

Disclosures of this type, usually comes to the Club through a coach, trainer, manager, convenor or executive member. All disclosures of harassment and abuse need to be documented and reported accurately.

The person who hears the disclosure or suspects the abuse **MUST MAKE THE REPORT.** The responsibility for reporting **CANNOT BE ASSUMED BY ANY OTHER PERSON.**

Again the “Harassment and Abuse Disclosure Report” should be filled out by the person hearing the disclosure. The form will act as a guide to the nature of information required. The form then starts the file creation and should be supported with follow-up investigation reports.

This file is handed to the Harassment and Abuse Coordinator for documentation into the system. (In the absence of the Coordinator the file is forwarded to the President)

NOTE: The Verbal disclosures need to be handled sensitively following specific procedures.

FILE CREATION

Each disclosure will create a file. The file number will be applied by the Harassment and Abuse Co-ordinator. The file will be identified with 6 digits.

The first two digits will be the year. e.g. 00
The next two digits will be the month. e.g. 01 to 12
The last two digits will be the file number. e.g. 01 to 99

e.g. STHC receives its first complaint on September 28, 2000, the file number becomes: **000901**.

The identification sequence readily identifies the year, month and complaint number. This will allow for quick reference as to when the complaint was received and how many complaints have been received to date.

PRIORITIZING DISCLOSURES

After the disclosure is assigned a file number, the Harassment and Abuse Co-ordinator should prioritize the file into either a Major or Minor category.

MAJOR CATEGORY

The following incidents should be classed as Major Harassment and Abuse.

- **Physical mistreatment** (kicking, slapping, punching, hair pulling, shaking, tying up, restraining, hitting with an object, throwing equipment at an athlete such as pucks, sticks, clipboard, having or allowing team members to physically assault another athlete) resulting in injury.
- **Sexual mistreatment** (kissing or holding a young athlete in a sexual manner, touching the athletes sexual body parts, forcing a young athlete to touch another person’s sexual parts, penetrating a young athlete anally or vaginally with objects or fingers, having vaginal or anal or oral intercourse, flashing or exposing your sexual body parts, watching intrusively a young athlete change or shower, speaking or communicating sexually, showing pornographic films, magazines or photographs, objectifying or ridiculing a young athlete’s sexual body parts).
- **Inadequate Moral Guidance & Discipline** (Not providing adequate supervision during team functions; hiring strippers or prostitutes; offering pornographic movies to young athletes, hazing).
- **Emotional mistreatment** (attack on child’s self esteem, harassment on the basis of age, race, colour, religion, marital status, disability).

In all cases of the above there is an order that must be followed.

Due to the potential of corruption of evidence, investigations of the above harassment and abuse must be guided first by provincial legislation, next if warranted by the Criminal Code, and finally, by the Club’s policies.

The S.T.H.C. must never attempt to conduct their own investigation of abuse or neglect without first consulting the CAS or Police. The report is turned over to them, immediately. We then wait for them to advise us as to the need for an S.T.H.C. investigation.

MINOR CATEGORY

The following can be categorized as Minor and can follow the S.T.H.C. procedure.

- **Inappropriate jokes or single incidences of unwelcome or patronizing comments, remarks or actions (congratulatory hug, pat on the behind).**
- **Unacceptable behaviour- profanity, substance abuse.**
- **Coaching Strategy – coaching strategy intended to produce peak performance in an athlete or team (pulling from a game, benching, reduced playing time, shorten the bench)**
- **Constitutional or Technical Issues – (correct procedures not followed, eligibility, player release and registration, certification)**
- **Common Sense – questioning one’s own practices and trusting personal intuition when something doesn’t seem right.**

The above is only a guideline.

HARASSMENT AND ABUSE FACT FINDING COMMITTEE

Minor Category files are turned over to the (HAC) Harassment and Abuse Fact Finding Committee for disposition.

COMPOSITION

The Harassment and Abuse Committee shall be made up of (4) persons appointed by the Club. One will act as the Chair and one will act as the recording secretary.

The committee should be chaired by the Club Vice President, who along with the committee will review the outstanding files on a monthly basis. The Harassment and Abuse Co-ordinator may be part of the committee but not one of the three.

The Harassment and Abuse Committee (HAC) should be allowed the opportunity to informally resolve the issue. The chairman can empower the Harassment and Abuse Co-ordinator to mediate some sort of resolution between the parties immediately upon being aware of the situation: or alternatively, the HAC may recommend some action following the fact-finding stage. If the formal resolution or mediation is not possible at these stages, then the complaint should proceed to a formal hearing before the HAC.

The HAC does have the power to hold a formal hearing.

- Only those individuals that were impacted directly or have pertinent information will be asked to appear.
- The Committee encourages all parties to be brief and to the point. Only necessary witnesses will be heard from.
- The Committee always frowns on involving minor-aged players in hearings unless absolutely necessary.
- The Committee wants to hear what people do say, not what they will say, there will be any need for opening addresses.
- After a witness has given her/his version of events, questions may be asked by the Committee members.

WITNESSES

- Witnesses will not be “sworn in” but it will be presumed that they will tell the truth to the very best of their ability.
- Witnesses should make true and factual statements to the committee avoiding commentary.
- Witnesses will be asked to give their own version of events and their evidence will not be lead by counsel.
- Witnesses providing information shall only provide facts that they personally witnessed. Hearsay or speculation is not acceptable.

OUTCOMES

- The Committee will submit a written report to the Club President and after consulting with the O.H.F. & G.T.H.L. will render its decision.
- The Committee decision will consist of a statement that concludes whether there was a violation of the Harassment and Abuse Policy.
- If there was a violation, the Committee in conjunction with the OHF& GTHL will make recommendations that may include but are not limited to:
 - a) Suspension
 - b) Dismissal
 - c) Probation
 - d) Attendance at a Harassment and Abuse prevention seminar
 - e) Other sanctions

APPEAL PROCESS

Any Appeal of the HAC decision will provide the opportunity for a fair review of any sanction by the STHC Executive Committee.

Your team manager will provide these forms to you. This form will be kept on file with the team.

Policy #01-03

OFF-SITE-ACTIVITIES and ROAD TRIPS

It is the policy of the S.T.H.C. to have guidelines that govern off site activities and road trips to protect team officials and team players.

All activities, which take place in a facility other than the regular “home” facility, should be scheduled in advance with players and parents/ guardians given advance notice.

Off-site activities, which fall outside of normal practice/ game/ training routines, should fall under one of the following categories:

- **Team celebration (e.g. End of Season party)**
- **Sports clinic to acquire/ improve specific skills**
- **Sport-related activity (e.g. the team attends a leaf game together)**

Guidelines for off-site activities

- The team should attempt to organize activities where parents/guardians can be included.
- Activities for **“players only”** should take place in a public facility; activities, which take place in a private home, **must** involve the parents/ guardians.
- Activities should take place in a specific location, with a specific starting and ending time.
- Players and parents/ guardians should be notified of the nature of the activity, any equipment/ clothing/ supplies required, and an informal agenda of events.
- At activities for under-age players, personnel should not consume alcohol or make alcohol available.

The following guidelines may be considered, based on the age of the players, personnel to player ratio, destination, and physical or developmental capability of players: Ideally, team personnel and players should not share accommodations, regardless of the potential cost savings or other benefits. If sharing a room is unavoidable, be sure that the “two deep” rule is observed at all times.

Players of different genders should not share accommodations. Clear boundaries regarding conduct should be defined

Policy #01-04
LATE CAREGIVERS

It is the policy of the STHC to set out procedures on what should be done if a parent/guardian or caregiver is late in picking up a player after a team activity.

Late pick-ups of under-age players can create difficult situations for team personnel. To avoid this type of incident all parents/guardians of underage Tiger players are required to fill out a S.T.H.C. RELEASING CHILDREN FORM at the beginning of each season. (These forms will be provided by your team manager and will be kept on file with the team.)

It is not the team officials' responsibility to transport players in the event a caregiver becomes detained. To that end the team coaching staff are to work with the Parents/Guardians to develop a mutually satisfactory action plan to ensure that the players are not left waiting after a team activity.

Team coaching staff must provide the parents with a schedule for all practices, games, team social activities, and training sessions for the season and update this schedule in writing as often as necessary.

In the event that a player's ride is late the following procedure is in place and will be followed by members of the STHC coaching staff.

Team officials DO NOT

- Automatically drive the player to their home, to your home, or to any other location.
- Invite the player to wait in your vehicle with you alone; ensure that there is another person with you.
- Remove the player from the facility.
- Send the child home with another person without the parent's permission.

Team officials SHOULD

- Attempt to phone the parent/guardian.
- Check your message centre or contact number for information from the late parent.
- Attempt to contact the alternate contact provided by the parent.
- Wait at the facility with the child and, ideally, other personnel, team members or parents. (Remember the two-deep method of supervision)
- When the parent arrives, address the issue of late pick-ups immediately and directly.
- If lateness becomes a repeated occurrence, advise the General Manager.
- If a caregiver arrives to pick-up a player and is impaired the police must be called immediately.

Procedures for late pick-ups

10-15 minutes: Coaching personnel will check a designated message centre for a message/ instructions from the late parent/guardian. Team personnel will remain at the facility with the child until picked up by the parents or authorized designate.

30 minutes: Team Officials will attempt to reach the parents at their home/work and/or will contact the alternate contact person provided by the parent. Team officials will remain at the facility with the child until the child is picked up by the parent/guardian or alternate contact.

45 minutes: Team officials will contact the local police to inquire if there has been an accident. Team officials will continue to call the alternate contact to attempt to arrange care for the child.

Over 1 hour: The team official will contact the local CAS for instructions and/or advice.

Policy #01-05

PHYSICAL CONTACT

Policy #05-01

Head Injuries and Concussions

Background (as defined by the Brain Association of America and the Canadian Academy of Sport Medicine)

- A concussion may be sustained through a variety of mechanisms. A direct blow to the head, blow to the jaw, sudden twisting or shearing force and a sudden deceleration of the head (similar to a “whiplash” – type injury) can all produce concussive signs and symptoms.
- Both closed and open head injuries can produce a concussion. A concussion is the most common type of traumatic brain injury.
- A concussion is caused when the brain receives trauma from an impact or a sudden momentum or movement change. The blood vessels in the brain may stretch and cranial nerves may be damaged.
- A person may or may not experience a brief loss of consciousness (not exceeding 20 minutes). A person may remain conscious, but feel “dazed” or “punch drunk”.
- A concussion may or may not show up on a diagnostic imaging test, such as x-rays, CAT Scans and MRIs.
- Skull fracture, brain bleeding, or swelling may or may not be present. Therefore, concussion is sometimes defined by exclusion and is considered a complex neurobehavioral syndrome.
- A concussion can cause diffuse axonal type injury resulting in permanent or temporary damage.
- A blood clot in the brain can occur occasionally and be fatal.
- It may take a few months to a few years for a concussion to heal.

STHC Philosophy:

The STHC believes that the participants safety and health is paramount and should be first and foremost in determining the most appropriate time in which a player may return to play once that individual has suffered a suspected or identified head injury.

STHC Policy:

- 1) Any player who suffers a SUSPECTED Concussion must stop participation in the hockey activity immediately. If there is doubt as to whether a concussion has occurred, it is to be assumed that it has and that the player’s parents/guardian be encouraged to have the injury properly diagnosed at a hospital ASAP. A hockey activity is defined as any on-ice or off-ice team function involving physical activity.

AND

Any player who is diagnosed by a medical Doctor with any grade of concussion must stop participation in all hockey activities immediately. A hockey activity is defined as any on-ice or off-ice team function involving physical activity.

- 2) Team Officials are responsible to recommend to the individual's parent or guardian that they seek medical attention immediately, especially if the injury incurred in any form of hockey participation.
- 3) The participant is not permitted to return to any hockey activity until a medical Doctor gives written permission.
- 4) Copies of such documentation MUST be submitted to the GTHL Office prior to the participants return to any hockey activity.

1. You forfeit you right to all Tiger equipment or player apparel once you quit.
2. You made a financial commitment to both the Club and the team which must be taken into account and still remains even when you quit and walk away from your team. The Club and Team base their budgets on the number of players so when you walk away you create undo-hardship on the remaining players and the Club.

GAME MUSIC

The Streetsville Tigers are committed to leading in minor hockey and giving their players a fulfilling hockey experience in every way possible. One of the ways that the Tigers Club has strived to achieve this was to introduce the capabilities for its teams to be able play music during stoppages of play.

LOCATION

The gondola which is located at centre ice over the players' benches at the Streetsville Arena.

ACCESS

Access can be gained by following these steps:

Each team must register with the Club the name of the person who will be playing music for that team.

1. That person must be responsible age. (Over 16 year of age)
2. Only the registered person is allowed into the gondola.
- 3. FIRE REGULATIONS ONLY ALLOW 2 PEOPLE IN THE GONDOLA AT A TIME.**
4. The area must be kept clean and tidy.
5. The key to the gondola can be picked up at the arena snack bar. (You must exchange your car keys for the gondola key)
6. The door to the gondola must remain locked at all times when no registered person is present.
7. Any damage or broken equipment must be reported to the Club.
8. All music played must be acceptable, containing no foul or suggestive language.
9. The volume must be kept at a reasonable level.

While the Tigers Hockey Club encourages the use of game music it is up to the individual teams as to whether or not they wish to utilize the game music.

POLICY #15-01

ACCEPTABLE ONLINE BEHAVIOUR

- Never treat someone online in a way that you wouldn't feel comfortable doing face to face. As a team/association we will not tolerate negative treatment of others especially on-line.
- Participants are asked to respect that the dressing room and bus are a time to spend with their teammates - use of mobile devices that isolate you from this interaction are not recommended – any uncertainty regarding this area should be discussed with your Coach
- Similarly the dressing room and any off ice training venue are team specific. Devices that take the athletes focus away from the task at hand are NOT allowed.
- Never share your passwords with anyone other than a trusted adult.
- Never share your cellphone numbers or email addresses unless you know and trust the person.
- Never share your personal information or photos in a chat room.

- Never post, email or forward naked photos of yourself - or anyone else – to anyone.
- Always stand up to bullying behaviour you see online
- Always talk to a trusted adult about your online relationships and what you see online. If you are being cyber bullied or concerned that someone else is, you don't have to deal with it alone.
- Always protect yourself. If you think you or someone else is being harassed or threatened, make a copy of the message before you delete it. Internet service providers, cell phone service providers, and social networking websites like [Facebook](#) have terms of use that forbid bullying, harassing, malicious or illegal behaviour. Contact them so they can investigate the issue or remove the offending material. Approach the police when physical threats are involved or a crime has possibly been committed.

POLICY #15-02

Unsanctioned Tournaments

This policy covers all Tiger teams that wishes to participate in tournaments held during the summer months.

It should be realized by coaches, parents and players that in general these summer tournaments are NOT SANCTIONED by any minor hockey governing body (e.g. in Southern Ontario the governing bodies would include the Greater Toronto Hockey League (GTHL), the Ontario Minor Hockey Association (OMHA) and the Minor Hockey Alliance of Ontario). In an unsanctioned tournament, none of the players or the coaching staffs of participating teams would receive the benefit of Hockey Canada's insurance coverage.

A sanctioned tournament is granted a Canadian Hockey Association Tournament Sanction Permit by the appropriate governing body and this Permit must be made available by the tournament organizers to any team that wishes to peruse it. Accordingly this is the only type of tournament where the Club will grant permission for its teams to enter. We cannot and will not provide any team with permission to enter an unsanctioned tournament because by so doing we could be construed as providing comfort where none can legally be provided.

We acknowledge that many teams view these summer tournaments as opportunities to fine tune their skills before the start of the regular season. However, we want everyone to be cognizant of the risks involved and therefore we have instituted a policy that will apply to all Tiger teams entering an unsanctioned tournament at any time:

1. The team MUST NOT portray itself as representing the Streetsville Tigers Hockey Club nor may it use any Tiger name or uniforms;
2. The team will be considered a "summer" or "travelling" team for this purpose and will not have any connection to the Streetsville Tigers Hockey Club. Furthermore it will not have the protection of the By-Laws or Rules and Regulations of the Club;
3. The team must be responsible for its own insurance coverage where the tournament itself does not provide same. If the tournament organizers claim to have insurance coverage, the team's coaching staff should ask to see a copy of the insurance policy;

4. Any Team Official registered with or desiring to register with the Club for the regular season will be subject to the Club's disciplinary procedures should he or she violate this policy.

POLICY #15-03

Cell Phone Policy

(Cell phones, cameras, camera phones, smart phones, tablets, etc.)

With the advancement of certain technology allowing cell phones and tablet devices the capability to offer functions such as cameras that allow users the opportunity to secretly photograph or videotape objects in front of them while appearing to dial a number has raised significant concern to the Streetsville Tigers Hockey Club. The potential exists for inappropriate behavior of camera phone users photographing others undressing and showering in the dressing rooms.

The potential danger of violating an individual's privacy will not be tolerated by the STHC; and therefor the following policy has been implemented:

The use of any form of camera, video camera, camera phone, or any other personal digital accessory capable of photographs or video is prohibited in any recreational facility change rooms during any STHC sanctioned event.

In an effort to ensure participant safety the STHC has also implemented the following policy: The use of a cell phone/personal digital assistant on the players' bench by any individual is strictly prohibited during any STHC sanctioned event.

In the event an individual is required to take a phone call, they should remove themselves from the bench area until they have finished their business provided there are other team officials remaining on the bench. Exceptions will be made for on-ice medical emergencies where a cell phone is required to call 9-1-1.

POLICY #15-04

ICE RESURFACING MACHINE

As per the Streetsville Arena/Vic Johnston Community Centre policy, players are not to go on the ice surface until the ice resurfacing machine is off the ice and the operator has closed the door.

Players, occasionally, seem to forget this rule. **THIS IS A HIGHLY DANGEROUS THING TO FORGET.** Players standing in the open door of the player's bench or sitting on the boards at the bench can be pushed onto the ice in front of the ice resurfacing machine.

This practice must not happen. Doors of the players' benches must remain closed until the ice resurfacing machine operator closes the ice resurfacing machine door. Also players are not to sit on the boards prior to going on the ice.

Coaches are to ensure there is a member of the coaching staff with the team prior to the start of the game and or period to ensure the doors to the ice is closed and the players are not in harms way.
